

BOARD-DISTRICT ADMINISTRATOR RELATIONS

The Board believes that the formulation of policies is the most important function of a school board and that the execution of the policies should be the function of the District Administrator.

Delegation by the Board of its executive powers to the District Administrator provides freedom for the District Administrator to manage the schools within the Board's policies and frees the Board to devote its time to policy-making and appraisal functions.

The Board holds the District Administrator responsible for carrying out its policies within established guidelines and for keeping the Board informed about school operations.

In his/her efforts to keep the Board informed, the District Administrator shall notify Board members as promptly as possible of any happenings of an emergency nature which occur in the schools.
