

SCHOOL DISTRICT OF IOLA-SCANDINAVIA

362.1-Rule

STUDENT ACCEPTABLE USE AGREEMENT

Students using district network resources to access the Internet and other on-line computer networks will agree to abide by the following acceptable use agreement. Violation of this agreement shall result in loss of use privileges and may result in school disciplinary action. Appropriate legal action may also be taken against students.

The student acceptable use agreement consists of the following regulations:

1. Student use of district network resources to access on-line computer networks is viewed as a privilege, not a right. The district encourages and allows students to access the Internet and other on-line computer networks only for educational and research purposes that are consistent with the educational objectives of the district.
2. Students are prohibited from using district network resources:
 - a. To post or transmit through any on-line network or try to find unlawful, harmful, threatening, abusive, harassing, defamatory, vulgar, obscene, profane, hateful, racially demeaning, ethnically demeaning or otherwise objectionable or inappropriate material of any kind. This includes, but is not limited to, any material that encourages conduct that would constitute a criminal offense or otherwise violate Board policy or provisions of the student handbook.
 - b. To download files.
 - c. To reveal their or someone else's home address/telephone number.
 - d. To play multi-user dimension (MUDs) or other network intensive games.
 - e. To use Internet relay chat (IRC) for non-educational use.
 - f. To improperly use copyrighted material.
 - g. To attempt unauthorized access to other computer systems.
 - h. To seek information on, obtain copies of, or modify files, other data, or passwords belonging to other users, or misrepresent themselves on the networks.
 - i. To disrupt the use of systems by others. Hardware or software shall not be destroyed, modified, or abused in any way.
 - j. To engage in any unlawful activity.
 - k. For any other inappropriate use of the Internet or other on-line computer network.

The District Technology Coordinator, District Library Media Director and/or classroom teacher may monitor all network use by students, including E-mail, to see that district network resources are being used in accordance with established policies, guidelines and procedures. Student misuse of district network resources shall result in loss of use privileges and may result in school disciplinary action. Appropriate legal action may also be taken against students.
