

**PROFESSIONAL STAFF ASSIGNMENTS**

The basic consideration in the assignment of professional personnel in district schools shall be the well-being of the instructional program. The appropriateness of the assignment will have a significant impact on the effectiveness of the total instructional program.

It shall be the policy of the Board that instructional personnel be assigned on the basis of their qualifications, the needs of the district and their expressed desires. When it is not possible to meet all three conditions, personnel shall be assigned first in accordance with the needs of the district and where the employee is most qualified to serve.
